

## Publication List

- 1 **Mulyadi M. Djer**, Dimas Dwi Saputro, Sukman T. Putra, Nikmah S. Idris. Transcatheter closure of patent ductus arteriosus: 11 years of clinical experience in Cipto Mangunkusumo Hospital, Jakarta, Indonesia. *Pediatr Cardiol.* 2015;36:1070-4.
- 2 **Mulyadi M. Djer**, Nuvi N. Ramadhina, Nikmah S. Idris, Dedi Wilson, Idrus Alwi, Muhammad Yamin, Ika P. Wijaya. Transcatheter closure of atrial septal defects in adolescents and adults: technique and difficulties. *Acta Med Indones.* 2013;45:181-6.
- 3 **Mulyadi M. Djer**, Shirley L. Anggriawan, Djajadiman Gatot, Pustika Amalia, Sudigdo Sastroasmoro, Patricia Widjaja. Correlation between T2\* cardiovascular magnetic resonance with left ventricular function and mass in adolescence and adult major thalassemia patients with iron overload. *Acta Med Indones.* 2013;45:295-301.
- 4 Vimaladewi Lukito, **Mulyadi M. Djer**, Antonius H. Pudjiadi, Zakiudin Munasir. The role of passive leg raising to predict fluid responsiveness in pediatric intensive care unit patients. *Pediatr Crit Care Med.* 2012;13:e155-60.
- 5 **Mulyadi M. Djer**, Bambang Madiyono, Sudigdo Sastroasmoro. Blood nickel level and its toxic effect after transcatheter closure of persistent duct arteriosus using Amplatzer™ duct occluder. *Paediatr Indones.* 2009;49:33-8.
- 6 **Mulyadi M. Djer**, Sudigdo Sastroasmoro, Bambang Madiyono. Heart size, heart function, and plasma  $\beta$ -type natriuretic peptide levels after transcatheter closure of patent ductus arteriosus. *Paediatr Indones.* 2013;53:181-6.
- 7 **Mulyadi M. Djer**, Mochammading, Mardjanis Said. Transcatheter vs. surgical closure of patent ductus arteriosus: outcomes and cost analysis. *Paediatr Indones.* 2013;53:239-44.
- 8 Burhanuddin Iskandar, Bambang Madiyono, Sudigdo Sastroasmoro, Sukman T. Putra, **Mulyadi M. Djer**, Anis Karuniawati. Comparison of minimal inhibitory and bactericidal capacity of oral penicillin V with benzathine penicillin G to *Streptococcus beta-hemolyticus* group A in children with rheumatic heart disease. *Paediatr Indones.* 2008;48:152-5.
- 9 Yuridyah P. **Mulyadi M. Djer**, Soedjatmiko, Hardiono D. Pusponegoro. Quality of home stimulation and language development in children aged 12-24 months living in orphanages and family homes. *Paediatr Indones.* 2009;49:25-32.
- 10 Damayanti R. Sjarif, Shirley L. Anggriawan, Sukman T. Putra, **Mulyadi M. Djer**. Anthropometric profiles of children with congenital heart disease. *Med J Indones.* 2011; 20:40-5.
- 11 Rahmat B. Kuswiyanto, **Mulyadi M Djer**, Arwin A. P. Akib, Sudigdo Sastroasmoro. Ventricular function and dimensions in children with human immunodeficiency virus infection. *Paediatr Indones.* 2011;51:149-56.
- 12 Syarif Rohimi, Najib Advani, Sudigdo Sastroasmoro, Bambang Madiyono, Sukman Tulus Putra, **Mulyadi M. Djer**, Fajar Subroto. Tissue Doppler imaging in thalassemia major patients: correlation between systolic and diastolic function with serum ferritin level. *Paediatr Indones.* 2012;52:187-93.
- 13 Mazdar Helmy, **Mulyadi M. Djer**, Sudung O. Pardede, Darmawan B. Setyanto, Lily Rundjan, Hikari A. Sjakti. Comparison of surgical vs. non-surgical closure procedures for secundum atrial septal defect. *Paediatr Indones.* 2013;53:108-16.
- 14 Rubiana Sukardi, Sudigdo Sastroasmoro, Nurjati C. Siregar, **Mulyadi M. Djer**, Franciscus D. Suyatna, Mohammad Sadikin, Nurhadi Ibrahim, Sri E. Rahayuningsih, Arief B. Witarto. The

- role of curcumin as an inhibitor of oxidative stress caused by ischaemia re-perfusion injury in tetralogy of Fallot patients undergoing corrective surgery. *Cardiol Young*. 2016;26:431-8.
- 15 Sukman T. Putra, **Mulyadi M. Djer**, Nikmah S. Idris, Hasri Samion, Sudigdo Sastroasmoro. Transcatheter closure of atrial septal defects in a center with limited resources: outcomes and short term follow-up. *Iran J Pediatr*. 2015;25: e3906.
- 16 Nikmah Salamia Idris, Michael M. H. Cheung, Diederick E. Grobee, David Burgner, Nia Kurniati, **Mulyadi M. Djer**, Cuno S. P. M. Uiterwal. Effect of paediatric HIV infection on electrical conduction of the heart. *Open Heart*. 2016;3:e000340.
- 17 Nusarintowati Ramadhina, Rubiana Sukardi, Najib Advani, Rinawati Rohsiswatmo, Sukman T. Putra, **Mulyadi M. Djer**. Ventricular function and high-sensitivity cardiac troponin T in preterm infants with neonatal sepsis. *Pediatr Indones*. 2015;55:203-8.
- 18 Mochammading, Risma Kerina Kaban, Piprim B. Yanuarso, **Mulyadi M. Djer**. Prostaglandin E<sub>2</sub> and patent ductus arteriosus. *Pediatr Indones*. 2016;56:8-14.
